

Dear All,

Please see the email below from Pritpal Soorae in the Reintroduction Specialist Group of IUCN and the related attachments. If you have orchid reintroduction stories that you would like to be included in this project, please contact Pritpal (and copy to me).

With best wishes,

Mike

**Subject:** RSG book

Dear Michael Fay & Philip Seaton,

I would like to introduce myself as the Re-introduction Specialist Group program Officer.

We produced a book in 2008 titled Global Re-introduction Perspectives and which contained re-introduction case-studies in a standardized format. Due to a positive response we are planning another volume next year. I am looking for articles on plant re-introductions and especially orchids. The last volume had the Singapore tiger orchid re-introduction case-study.

I have attached a template for the case-study and a sample article. We would need articles by the end of 2009 and the book would be published in 2010. The book can be accessed at our website as a PDF version at [www.iucnsscrg.org](http://www.iucnsscrg.org)

I would be grateful if I could get at least 4 orchid re-introduction articles from your network for the book.

I look forward to your response in due course.

Sincerely,

**Pritpal S. Soorae**
